  - Figma
  - Adobe XD
- Other tools
  - Adobe Photoshop
  - Adobe Illustrator
  - Canva

### CERTIFICATIONS

- Web Designer - TFA
- Graphic Designer - EservicesGB
- VPC - AWS

### LANGUAGES

- English
- Urdu
- Hindi
- Shina

### PROFILE

A passionate and skilled software engineering student in the final year of my Bachelor's degree, with a strong foundation in programming, web development, and UI/UX design. Proficient in languages such as JavaScript and C++, alongside expertise in HTML/CSS, React.js, and database management using SQL and MongoDB. Recognized for problem-solving abilities, teamwork, and effective communication, I excel in collaborative environments. Experienced with industry-standard tools, including Figma, Adobe XD, Photoshop, Illustrator, and Canva, I am dedicated to creating innovative, user-centered solutions that enhance both functionality and aesthetics.

### WORK EXPERIENCE

#### Graphic Designer

- EservicesGB

Feb 2021

Developed visually appealing graphics for marketing materials, social media, and digital campaigns using Adobe Photoshop and Illustrator. Collaborated with clients and team members to create custom designs that met project requirements and brand guidelines. Managed multiple design projects simultaneously, ensuring timely delivery and adherence to deadlines.

#### Web Designer

- The Freelance Academy

August 2023

Supported senior designers in creating visuals for web and print using Figma, Adobe XD and Adobe Illustrator. Contributed to UI/UX design through wireframing and prototyping in Figma, focusing on user-friendly layouts. Collaborated with cross-functional teams to deliver creative assets, enhancing brand consistency and client satisfaction.

#### Junior Web Developer

- Code Arena

August 2024

Assisted in developing and maintaining software applications, contributing to coding, testing, and debugging processes. Collaborated with senior programmers to implement features and enhancements based on user requirements. Participated in code reviews and contributed to documentation to ensure code quality and best practices
